Occupation / Family information:

Your experience in your local church: I have served in the worship ministry providing I.T. and sound for my church also a Men's Group Leader and Bible Study Leader.

Experience which would help you in the position for which you have been nominated:

I have been involved in various organizations for many years. As President and Vice President for the Tall Clubs International we worked to update our digital communication growing this organization to over 6000 members and a growing web presence. My leadership style is to be a team player and I believe in good communication, active listening and identifying issues and working through them with a group of people to find a solution. I consider myself forward thinking. I believe outreach is necessary and Light in the Desert has made it a priority to reach out to various churches hoping to grow awareness of VdC bringing new clergy and pilgrims to be a part of this wonderful ministry. With my experience with media I hope to increase ways to bridge the gap with our younger people. I would be honored to be a

part of the National Board in a position that allows me the opportunity to meet new people and walk with them in building a new Via de Cristo in their area. My ability to travel is helpful when the need to travel comes up. I have been active with our Regional Coordinator and value the relationship and that it has helped bridge us with National.

Special interests: I have a traveling worship band that has played all over the southwest leading worship services. The ability to meet new people and provide opportunities to share the message of Jesus Christ is an awesome blessing. Our group has been together for over 25 years. It is all about relationships.
